Learning EVENTS

How to be a Volunteer Magnet!

Date: 6th May 10am – 2 pm

Location: Kingsbridge Methodist Church

Your organisation or group can be pick of the pack for a prospective volunteer! Use AIDA and the Four Rs to draw them in. This practical day gives you a toolkit to rally people to your cause, inspire them to give their best... and stay. Participants in the Totnes 'Magnet' workshop last year rated it interesting and very enjoyable.

'Telling your Story'

an introduction to communications and media

Date: 11th June 10am - 2pm

Location: South Brent Old School Centre

Are you looking to explore the different ways to communicate the news and work of your organisation to reach new audiences? This workshop aims to help organisations with their communications, publicity and media needs. Participants will learn about the different types of media including newsletters, press releases, how to work with local radio and newspapers, and introduce online social media. They will also receive advice and ideas to improve their promotional materials quickly and cheaply.

After the AGM - Trustee and Committee Roles

Date: 16th July 10am - 2pm

Location: South Hams CVS, Totnes

Found yourself on a committee and not quite sure what you're meant to do or just need to re-focus on your current role? The workshop will help you understand your roles and responsibilities, providing tools and ideas for you to take back to the rest of your committee. Some choice will be available about particular areas of learning which you would like to focus on. An ideal opportunity to share experience, problems and learning with other from across the area.

By building the skills and knowledge of management committees, staff and volunteers, we help voluntary groups to offer an excellent service to their users, and to their community
