

Compact Week 1 - 8 November 2007

“What has the Compact ever done for us?”

Compact is leading the way forward for improved partnership working - Compact Week provides a great opportunity to demonstrate what the Compact has achieved as well as to consider how it might improve partnership working in the future.

Compact Week provides opportunities to showcase the Compact and raise awareness of best practice, new developments, and debate across the sector and all levels of government. Compact Week presents valuable opportunities to make the Compact work better for you.

For more details about Compact week visit www.thecompact.org.uk or contact your local Compact Development Worker on tel: 01392 202057 or email: compact@dacvs.org.uk

Read more news about the Compact on page three of this issue of the Voluntary Vine.
